

Student Rights and Responsibilities

Disability Services (DS) recognizes that disability reflects diverse characteristics and experiences. DS also understands disability as an aspect of diversity, integral to society and the university experience. To that end, Disability Services strives to promote the full participation of people with disabilities in all areas of university life. We collaborate with students, faculty, staff, and community members to create diverse learning environments that are usable, equitable, inclusive and sustainable. DS is committed to upholding the legal, ethical, and philosophical principles of Section 504 of the Rehabilitation act of 1973, the 1990 Americans with Disabilities Act (ADA) and the ADA Amendments Acts of 2008 (ADAA).
